

## A Spider in the Bathroom

There's a spider in the bathroom  
There's a snail in the hall  
And I can see a centipede climbing up the wall!  
There's a bee in the bedroom  
There's an ant in the hall  
I'm standing in the kitchen  
And I'm not afraid at all!

There's a spider in the garden  
There's a snail in my bed  
There's a green and yellow centipede  
On my slice of bread!  
There's a bee in the bedroom  
There's an ant in the hall  
I'm standing in the kitchen  
And I'm not afraid at all!
